

INTRODUCTION

This course of Bible studies was born out of a burden the author has had for a number of years to bring together some of the life-transforming teachings of scripture under one cover to provide mature Christians, as well as new converts, with a ready reference to the foundational truths of the Christian faith.

The author's conclusions in the studies are drawn from his unshakeable faith in the infallibility of God's word - that God says what He means and means what He says in the Bible - exactly as Nu 23:19; Psa 89:34; Isa 55:10-11, etc, teach and that because the Bible is God's own word and revelation to men it should be taken literally where possible for when scriptures relating to a subject are brought together and harmonized the Bible interprets itself.

The author makes no claim to any special revelation concerning the many truths revealed in these studies. They are simply the result of a great many hours spent diligently searching the scriptures.

May God use the studies for His glory and richly bless His word to all whose hearts are open to its truth.
